THE FUGITIVE SLAVE LAW.

Mr. BURKALEW (Dem., Pa.) from the Committee on Slavery and Freedmen presented a minority report on the Fugitive Slave Law. Ordered to be printed.

A motion of Mr. Powell to print 10,000 extra copies of said report was referred to the Printing Committee.

The Senate then proceeded to the consideration of Ploute bill No. 265, authorizing the Secretary of the fireaury to borrow not exceeding \$200,000 during the current fiscal year, and to issue additional five-twenty bends to provide for the excess of elevan millions.

Mr. POWELL (Dem., Ky.) moved to strike out the Becond Section.

The amendment was rejected.
Mr. Monoan introduced an additional section in ph
the accord, providing that the Secretary of t
cessury issue bonds to the amount of eleven millio

The Transfer of the Transfer of the Transfer of the Pacific RAILROAD.

On motion of Mr. HOWARD (Un., Mich.), a resolution was adopted calling on the Secretary of the Treasury to furnish copies of the reports of the Union Pacific Railroad Company, or any other mentioned in the 20th section of the Pacific resolution, requesting the President to inform the Senate if he has fixed the points of the commencement of the Union Pacific Railroad or its branches at the Raisern terminus.

At a quarter to 3 o'clock the Senate went into Executive Senatou, and soon adjourned.

HOUSE OF REPRESENTATIVES.

HOUSE OF REPRESENTATIVES.

THE DUTY ON SALT.

Mr. WASHBURNE (Un., Ill.) caused to be read letter from the Secretary of the Treasury, saying that is ascertained from authentic sources that many vesis employed in the cod fishing obtain salt to cure their sh from the British Provinces, thereby avoiding the house of the duty on sait incorporated with their fish. fish from the British Provinces, thereby avoiding the payment of the duty on sait incorporated with their fish and claiming bounties the same as if they had procure as it which had paid a duty in our own ports. To prevent this there appeared to be no provision of law. Therefore the Secretary requested that an act be passed to the effect that hereafter no fishing bounties be allowed unless the claimants satisfactorily show that the sait which they have used has paid duty to the United States. Objection was made to the introduction of such a bill. On motion of Mr. Dracos (Un. Mich.), the Committee of Ways and Means were instructed to inquire into the justice and expediency of lavying ten cents per bushel on sait imported into the United States.

Mr. Washuunn (iii.) without referring to what occurred in the Committee, was free to say he did not think the Committee would have any difficulty in coming to an agreement on the subject. The gentleman from Pennayivania (Dawson) was of opinion that, in order to adjust the difference between the two Honses, a tax of 20 cents might be laid upon stock spirits on hand. This was the material point of the controversy.

Mr. Stevens (Un., Pa.) said his colleague (Dawson), who was on the Committee, did not represent the majority of the House.

jority of the House.

Mr. Washsunan replied that he believed Mr. Dawson voted with the gentleman (stevens) in the House against taxing stock on hand. It was insisted by a part of the Committee of Conference that the House had declared. ed against any tax on spirits on hand, while the ers insisted that the House had only decided agains: others maisted that the House had only decided against.

House, Mr. Washburne offered a resolution that the
House insist on its disagreement to the Senate amendments, and request of the Senate another conference;
and it is hereby decisred as the judgment of the House
that in the adjustment of the difference there should be
an additional tax of not less than 10 nor more than 40
cents per gallon upon spirits on hand for sale.
Mr. Synvikus raised the point that the Committee of
Conference could report the fact of disagreement, and
mothing more.

Death of President Hitchcock.

Edward Hitchcock, D. D., LL. D., late President of Amherst College, died at Amherst, Mass., urdsy, Feb. 27, in the 71st year of his age. He was born in Deerfield, May 24, 1793, and with but little external aid, succeeded in obtaining an education by his own efforts, which enabled him to take a prominent rank among the literary and scientific men of the day. He was principal of Deerfield Academy from 1815 to 1818, paster of a Congregational Church in Conway, from 1821 to 1825, professor of chemistry and natura history in Amherst College from 1825 to 1845, president of the college and professor of natural theology and ge. ology from 1845 to 1854, when he resigned the presidency, and resumed his professorship in his favorite branches of natural science. To his influence, Amherst College is indebted for a large share of the prosperity which after a succession of struggles and embarrassments, it has enjoyed for many years. other, although it is doubtful whether any of his productions contain the promise of a lasting reputation. and I continue to feel as well as ever.

I consulted Dr. Von Eisenberg, but I must candidly say that I had no faith in his success when I did so. It is therefore due to Dr. Von Eisenberg to acknowledge that I am entirely cured; and realso, that he displayed that skill and knowledge which have procured for him such an unrivaled reputation. As I have had an opportunity of comparing his mode of treatment with that of others. I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing are, is my opiniou, certain. JOHN TAYLOR.

This certifies that my mother has been for some time afflicted with partial deafness, suffering from pain, and rumbling noises in the head, together with other indications of a total loss of hearing. Dr. Von Eisenberg removed from her ears a great quantity of matter, together with congulated blood, relieving her instantaneously, and all without pain. It is with

grateful thanks that I give this testimony to his skill. CARROLD J. POST, No. 24 South at
